Are you ready for decertification?

On December 31, 2024, the USPS® plans to discontinue all postage meters that are not IMI (Intelligent Mail Indicia) compliant.

OUTGOING: IBI indicia example

NEW: IMI indicia example

The iX-1 postage meter with its new sleek design and user-friendly interface is fully IMI compliant and USPS® approved.

- Meet USPS® requirements
- Enhance security and ensure postage accuracy
- Avoid interrupted mail service

Mailers are encouraged to adopt new machines by June 2024 in order to not miss the deadline.

Quadient's iX-1 Series postage meter combines mail and parcel processing into one easy solution. With a full set of standard features and innovative apps, nothing delivers like the iX-1.

IMI printing technology

Perfect for your small business or home office, Quadient's iX-1 has Intelligent Mail Indicia (IMI) printing technology, soon to be a mandatory requirement of the USPS®.
